

**Gopher Tortoise Council's
Donna J. Heinrich Environmental Education Grants**

The GTC Environmental Education Grant was established to support educators and organizations committed to developing educational projects about the gopher tortoise and the fascinating world in which it lives. The grant also honors Donna J. Heinrich, an environmental educator, whose life was dedicated to conserving wildlife and their associated habitats. **Deadline for submission of each year's proposals is September 30.** Please send submissions and questions to Jess McGuire jmcguire@quailforever.org

Proposals which contain the following will be given preference:

- Projects that reach diverse and new audiences.
- Projects that focus on the importance of the conservation of intact upland ecosystems.
- Projects that encourage community involvement.
- Projects that have matching funds.

All proposals must be submitted digitally. Proposals submitted in a format other than the provided form or that are incomplete will not be accepted. A project summary for "The Tortoise Burrow" newsletter and either a presentation or poster at the following year's GTC annual meeting is required.

To apply, please submit the following required information:

- Cover sheet
- Grant Proposal Form (see attached page 2)
- Detailed budget that includes expenses and matching funds (see attached page 3)
- A maximum two page summary (see attached page 4)

Donna J. Heinrich Environmental Education Grant Project Summary

Please be detailed, but do not exceed a total of 2 pages for questions 1-4.

1. Provide a brief description of your project and how it contributes to tortoise and/or upland habitat conservation.

2. Who is the audience (please be detailed)?

3a. If this is a program that will be presented to the public, what goals do you have regarding the participants?

3b. If this is a sign or display, how many people will be reached by it and what do you expect the viewers to learn?

3c. If this is an activity book, curriculum, etc., how will it be distributed and what goals do you have regarding the user?

4. How will your educational goal(s) be achieved?
